08.30 - 09.00	Main registration and coffee for all delegates
09.30 - 13.20	Tailored Streams including morning break and networking

start up

For aspiring owners

Ready to move beyond the dream? Step into conscious ownership with pragmatic start-up insights, relevant business knowledge, and the tools to turn your vision into a future-ready veterinary practice.

Designed to help aspiring owners create practices that are humane, adaptable, and sustainable – not just efficient – as pressure inevitably increases.

power up

For non-member practices

Ready to build momentum with clarity? Make sense of competing pressures, challenge unhelpful assumptions, and regain clarity without oversimplifying the reality you're operating in.

Designed for veterinary business owners ready to move forward with confidence in a profession that is becoming more complex, more demanding, and less forgiving of guesswork.

level up

For member practices

Ready to grow stronger together? Strengthen trust, connection, cohesion and shared accountability in your veterinary team.

In a decade defined by pressure, pace, and constant change, sustainable practices will be built not just through systems and strategy, but through strong internal relationships, shared accountability, and collective capability.
