ACCELERATE PRACTICE PROGRESS

POWER UP STREAM - FRIDAY 18TH SEPTEMBER 2026

Ready to build momentum with clarity?

Designed for veterinary business owners who want to move forward with confidence in a profession that is becoming more complex, more demanding, and seeing more pressure from recruitment challenges, rising expectations, and the emotional weight of responsibility. This stream helps translate complexity into clear, practical next steps.

08.30 - 09.00	Main registration and coffee for all delegates
09.30 - 10.10	The Five Waves of Change Independent practice is being shaped by changes in clients, teams, technology, regulation and the wider market. This opening session will help you make sense of those changes, while sharing challenges and ideas with other independent practice owners.
10.10 - 11.00	From Surviving to Thriving, and Everything in Between Every independent practice is at a different stage, and moving forward starts with understanding where your business is now. This session will help you take a practical look at your performance and identify where there may be opportunities to strengthen your business.
11.00 - 11.40	BREAK
11.40 - 13.10	Beyond the Busy Trap When everything feels important, it can be difficult to know where to focus. This session gives you the space to step back, sort the important from the merely noisy, and turn your thinking into a practical plan.
13.10 - 14.30	LUNCH Main Conference resumes

Subject to change
